Mike – it sounds like you have vetted this with Rick today. But I'd like to advocate for us to get a chance to discuss this some more with Rick and/or Alex prior to this decision going forward in this way. The top concerns that I have with this approach are:

Ex. 5 Deliberative Process (DP)

Thanks for considering these. And let me know if you'd support me moving forward with any of these concepts. For instance – I could work up some possible next steps with OGC around this.

Thanks all

I have added a few more comments based on my conversation with Rick on this issue – some will need OGC input.

The first draft is attached for your review. Please edit as much as you see fit.

I kept it as a OneDrive doc to consolidate everyone's comments at this stage. Once it's ready to be sent to Rick/others, I recommend saving a separate copy outside of OneDrive.

Happy holiday party day!

Hi Dan,

We were able to catch Mike on the phone and get his thoughts. Below is a rough outline for what I'm planning to draft, which may help during your discussion with Rick. Let me know if Rick provides any additional insight.

I plan to send everyone a draft as early as possible tomorrow morning. Thanks.

Let me know when you would like to discuss these further or if you need more information. I am talking with the team about how to maintain an ongoing list of SLNs that come into the program.
